The draft strategic framework 2014-2015 distributed earlier has been amended as shown in the corrigendum to align it further to the six-year strategic plan. Kindly note that the changes made are reflected in italics and underlined.

1. Para 12.4; line 2. The words “which included” have been deleted.
2. Para 12.6 (a), line 3: The word “Land” has been added to align it with subprogramme’s name in the strategic plan.
3. Para 12.12, line 5: The words, “and the impacts of” have been added.
4. Para 12.13 -12.19: The text outlining what each of the subprogrammes will do in 2014-2015 has been replaced with approved text from the strategic plan to strengthen the alignment between the draft strategic framework 2014-2015 and the strategic plan 2014-2019. A shortened version of the text from the strategic plan was included in the interests of brevity.
5. Para 12.17, line 4: The word “it” has been replace with words “The subprogramme”
6. Para 12.23: A number of editorials aimed at improving the text have been made.
7. There were also some changes to the objectives to further align them with the strategic results of the strategic plan:

   ✓ Sp 1, Objective: Words “improve”, “equitable” and “urban” have been added to read: To improve access to urban land, adoption of enabling urban legislation, and establishment of decentralized governance that foster equitable sustainable urban development, including urban safety

   ✓ Sp 3, Objective: Words “livelihoods” and “inclusive economic opportunities” have been added to read: To improve urban strategies and policies supportive of city-wide economic development, inclusive economic opportunities, creation of decent jobs, and livelihoods and enhanced municipal financing

   ✓ Sp 5, Objective: The words “and communities at the local and national levels” have been deleted from the objective to read: To increase access to adequate housing and improve the standard of living in existing slums.

8. Expected accomplishment EA (c) of Sp 5: Words “Communities and” have been deleted to read: Targeted vulnerable groups’ capacity strengthened to improve their living conditions.
9. Indicators of **Sp 5**, specifically, EA (a) (i) and (iii), and EA (c) to align them with the strategic results of the strategic plan. These indicators have been amended to read as follows:

- EA (a) (i): Words “regional or” have been added to read as follows: Number of local, regional or national authorities that adopted and implemented sustainable housing policies and programmes that improve access to adequate housing.
- EA (a)(iii) Words “and implemented” have been added to read as follows: “Number of countries that adopted and implemented sustainable building codes and regulations”
- EA (c)(i): Words “communities and” have been deleted to read “Number of cities and countries that implemented measures supporting targeted vulnerable groups in improving their living conditions”

10. **Performance measures** for all indicators under Sp5 have been added as follows:

- **EA (a) (i)**
  
  Baseline 2010-2011: 4 national authorities  
  Estimate 2012-2013: 6 national authorities  
  Target 2014-2015: 15 national authorities

- **EA (a) (ii)**
  
  Baseline 2010-2011: 28 Countries  
  Estimate 2012-2013: 30 Countries  
  Target 2014-2015: 32 Countries

- **EA (a) (iii)**
  
  Baseline 2010-2011: 1 Countries  
  Estimate 2012-2013: 2 Countries  
  Target 2014-2015: 3 Countries

- **EA (b) (i)**
  
  Baseline 2010-2011: 29 cities and 12 national authorities.  
  Estimate 2012-2013: 42 cities and 21 national authorities  
  Target 2014-2015: 55 cities and 30 national authorities
EA (c) (i)

Baseline 2010-2011: 1 countries
Estimate 2012-2013: 2 countries
Target 2014-2015: 4 countries

11. Para 12.25, (c), (d) and (f): There were some changes in the text outlining the strategy to align the strategy with the text in the strategic plan. Specifically, words “community management” in Para (c), line 9, (d), line 2 and (f) line 6 have been replaced with the word “prevention”. 

12. Legislative mandates: There has been significant reduction and alignment of the resolutions in all the focus areas (Subprogrammes).
