Quarterly Report on UN-HABITAT Country Activities  
September 2009

In addition to the biennial printed report on country activities submitted to the Governing Council\(^1\) and widely disseminated, the secretariat has been requested to provide quarterly updates to the CPR on UN-HABITAT country activities.

The present report is organized in two sections. In the first section are presented the tables of projects which (i) have been completed and (ii) have been initiated in each region during the last 6 months.\(^2\)

In the second section some of these completed and new projects are highlighted as particularly relevant to the MTSIP/ENOF action plan. More information on specific activities can be obtained by contacting the Director, RTCD and the respective Regional Offices.

---

\(^1\) See CAR 2009 in HSP/GC/22/INF/3
\(^2\) Projects with budgets below USD 100,000 are not reported in the tables
